TEACHERS SEEK ACCOMMODATIONS

Pedagogues Returning to Ogden Again Faced by Bogey of Last Year

School teachers returning to Ogden are experiencing the same trouble they had last year in procuring proper accommodations. An effort to relieve the situation has been started by Supt. W. Karl Hopkins who makes the following appeal to the citizens of Ogden:

"The housing of the Ogden City teachers who come to us from outside the city is a very serious problem. It looks as though we may lose some of our best teachers unless the good people of Ogden are a little more generous in their attitude toward 'taking in' these teachers. Anyone who has any rooms to rent or who is willing to furnish board and lodging for teachers will confer a favor upon us all if they will send notice of same to the board of education, rooms at 533 Twenty-fifth street, or call up board of education, phone 25.

"Let's do our best to make the teachers comfortable and happy."

(Signed) W. KARL HOPKINS, Superintendent.

RAY CLOUGH BEFORE COURT

Boy Held for Father's Murder
to Be Defended by Attorney
George Halverson

Sober-faced, but apparently at ease, Ray Clough, charged with the murder of his father, John H. Clough, was arraigned in the city court yesterday morning. No flicker of emotion passed over the boy's features while he was in the court room and his answers to the few questions which were put to him, were given in a clear, even tone.

Attorney George Halverson entered his appearance in behalf of the youngster who, without funds, would have been forced to face trial without defense had not Attorney Halverson, through efforts of County Attorney Bates to provide counsel for the defendant, volunteered his service.

The date for preliminary hearing was not set and no decision as to whether a preliminary hearing would be held was reached.

The youngster, appearing among the occupants of the "mourners' bench," seemed not much concerned in the proceedings.

Ray displayed none of the characteristics of a "tough kid" or a mental defective. He has an innocent-looking face, with large blue eyes and regular features.

Mexican Talks Too Much; Draws \$5 Fine

Jesus Pineda, Mexican, charged with vagrancy, was indiscreet in his talk yesterday morning and consequently drew a fine of \$5 in the city court or a five days' jail sentence.

Pineda was arrested by Officer W. A. Jones, while trespassing in the latter's wheat field near the Becker brewery.

The man refused to talk to the officer until an interpreter was summoned. Officer Jones said that the man then promptly suggested that Jones needed a vacation and suggested a place that is supposed to be hotter than Mexico.

Water was reported over the "Katy" tracks in many places. Late reports indicate that the Red river is rising rapidly, threatening lowlands, as a result of heavy rains.

LOUISVILLE, Ky., Aug. 28.—Special telegrams from Carlisle, Ky., say damage estimated at more than \$100,000 was caused there last night by a cloudburst, which inundated the valley in which the town lies. A number of dwellings were swept from their foundations, but occupants fled to safety.

REDS COURTEOUS TO POLE ENVOYS

Strange Scenes Along Route
Are Described By A. P. Correspondent

MINSK, Soviet Russia, Aug. 29.—(From Associated Press Staff Correspondent with Armistice Commission via Soviet Wireless to Moscow, Aug. 28.)—The Polish peace delegates left on their way to Minsk to confer with the representatives of Soviet Russia, were picturesquely received after crossing the Russian lines.

The Poles were escorted along the highway in Soviet automobiles of American make, containing fantastically garbed guards. The guards wore black leather uniforms and high dome-like pointed caps with fur flaps, each with a large red cockade. This uniform has been adopted by the guard of Leon Trotsky, the soviet minister of war and marine, and it is eventually intended to clothe the whole army thus.

All the towns passed on the way to Minsk had already been sovietized, the citizens wearing red arm bands and carrying rifles. They were taking up with police duties and aiding soviet soldiers. The latter was quiet and friendly with the peasants who told the correspondent there was no looting or other violence and that women received every consideration.

The wealthy elements complained that goods requisitioned were not paid for, while the soviets reimbursed the peasants for anything taken. The Russians showed the utmost courtesy to the Polish delegates, making the trip as comfortable as possible, but the Poles were reserved toward the Russians.

DENVER, Colo., Aug. 28.—The special grand jury investigating street car riots in Denver today returned twelve indictments involving thirty-three persons, according to its report submitted to Judge Henry J. Hershey in the district court.

The names of those indicted were withheld until arrests are made. Seven persons lost their lives as a result of the riots of August 5 and 6. The indictments include counts charging assault to kill, malicious mischief and robbery.

Youth Fined for Carrying Revolver

Texas De Priest, 19, charged with vagrancy, pleaded not guilty and his case was dismissed in the city court yesterday. He was fined \$30, however, on a charge of carrying concealed weapons.

De Priest said he had purchased the revolver from a transient at LeMay, Utah. He intended selling it, he stated, when he arrived in Ogden. When charged with carrying the weapon he pleaded guilty.

Judge D. R. Roberts imposed a sentence of \$30 fine or 30 days in jail after admonishing the youth of the danger of carrying a loaded weapon about the city.
